A friend thinks that we should share nudes with each other. They are 14 years old.

Is that OK?

I send nudes to someone I trust because it's fun and feels exciting.

Discuss what you think about sending nudes to someone you trust.

Myself and another person have been texting for a long time and we are kind of together now.

I want to send nudes to that person, is that OK?

My partner sent nudes to me without me asking for them. Do I have to send nudes of myself back?

My partner and I used to send nudes to each other, now I want to break up but my partner threatening to share my nudes if I break up.

What can I do?

Someone sent a nude to me without me asking for it.

To get back at that person I sent it to everyone at school.

Did I do the right thing?

My partner and I had sex. Afterwards my partner regretted it.

Was that rape?

I'm 16 and I'm together with a 20-year-old.

Is that legal?

I sent a nude picture of the person I'm together with, to a friend. Now my friend is sharing it at school.

The person I'm together with is angry with me and is threatening to report it to the police, also my friend refuses to delete the picture.

What can I do?

A person at school is selling nudes.  
I want to buy some.

Would that be illegal?

My partner and I shared nudes with each other, but now my partner has shared the nudes of me with others.

I'm afraid to tell my parents because I'm ashamed.

Who can I talk to?

I friended someone I don't know on social media and we exchanged nude pictures.

Now that someone is threatening me to share my pictures.

I'm afraid to tell my parents because I'm not supposed to friend people I don't know.

What can I do?

I send nudes to randoms online.

I get so many good comments that it feels great.

Is that OK?

A friend is selling nudes and says that it makes a lot of money.

I want to try it, but my parents would be angry.

What could happen to me if I start selling nudes?

I'm 16 and the person I'm in love with is 13. We want to have sex with each other.

Are we allowed to if we both want to?

I sent a nude I got from a classmate to a few kids at school.

My classmate didn't say it was OK.

Now I regret it.

What can I do now?

My friend and I had a sleepover. When it was time to go to sleep, my friend started touching me.

I felt uncomfortable but was afraid to say anything.

Now I feel really bad.

What could I have done?

What can I do now?

Someone sent a picture of their genitals to me without me asking.

What should I do?

I've sent nude pictures to someone.

Now that someone is saying we must meet, otherwise that person will share the pictures.

What can I do?

My friend showed me a nude picture of our classmate even though I didn't want to see it.

Now I feel really bad.

Have I done anything illegal by looking at the picture?

Someone online is threatening to kill my dog if I don't send nudes to that person.

I'm really scared and I'm afraid to tell my parents.

What do I do now?

I sometimes meet up with someone who sends me money afterwards.

Is it illegal to accept money from another person?

I told the counsellor at my school that I felt bad because some classmates shared nude pictures of me with others at school.

The first thing the counsellor said was "But why did you take the pictures in the first place?"

Have I done something wrong?

A nude picture of me was print-screened.

Now I'm worried and afraid that it will be shared.

What can I do?

What would it feel like to talk to someone you don't know, who gets paid to listen and help – for example a counsellor at school?

At our school there is an "expose-account" on social media.

Is it OK to go in and look?

My ex is selling nudes of me without my permission.

What can I do?

In my class  
"everyone" sends  
nudes and my  
friends tell me I  
should do it too.  
I don't want to.  
What can I do?  
Who can I talk to?

Is it OK to send  
nudes?  
Is it just as OK for  
girls to send them as  
for boys?  
Is it just as OK to  
send a nude to  
someone of the same  
sex as to someone of  
the opposite sex?

A friend of mine  
collects nude  
pictures.  
My friend has about  
100 pictures saved  
on the phone.  
Sometimes this friend  
and other kids look at  
the pictures and grade  
them.  
Is that OK?

A kid in my class  
secretly took a  
picture of me in the  
changing room.  
Now the picture  
have been shared  
in the "class-  
chatroom" on  
social media.  
What can I do?

I sent nudes to  
someone online.  
Now that someone is  
threatening to share them.  
I have no one to talk to.  
Who can I talk to  
about this?

Something bad  
happened online to a  
friend of mine.  
I've promised not to tell  
anyone.  
How can I help  
my friend?

Which adult do you  
feel safe talking to?  
  
What is that person like?

Do you think what is  
considered  
appropriate  
behaviour online  
and in social media  
changes over time?  
What do think will change  
in the future?
